

QUICK SPC™ FOR WINDOWS®

STATISTICAL PROCESS CONTROL (SPC) AND QUALITY CONTROL SOFTWARE

Quick SPC for Windows is a suite of software products designed to comply with any requirement ranging from simple measurement acquisition to complex gauging applications.

Framed in a simple, wizard driven, common user interface it is possible to complement the base product by means of software Add-ons purposely conceived for specialized industry fields.

READY TO RUN

Templates and wizard driven programming interfaces allow an easy, safe and ready to use software.

Self explanatory with its spreadsheet programming interface, Microsoft® Explorer®-like navigation and on-line manuals.

Mouse-free Interface.

Safe and reliable with checks on programmed data consistency, data back-up and restore utility; multi-level user security access.

REDEFINING THE CONCEPT OF FLEXIBILITY

Fully customizable software environment matching current and future metrological and statistical needs: page layouts, short cuts, hot tabs, application templates, reports, customers' based statistical evaluations and more.

Powerful and versatile capable of connecting to a variety of analog and digital measuring devices and machine tool CNC's.

Native 32-bit Windows® software for shop floor applications: operator prompts with multimedia files (pictorials, drawings, photos, movies).

Comprehensive fully integrated software modules for data acquisition, measurement elaboration, statistical analysis, machine tool compensation, network integration and data storage.
